September 30th- Board of Supervisors*

Items returning to the Board for further discussion & possible direction on the 30th:

- General Plan Amendment Initiation Policy: Allows early denial of proposed Dixon Ranch
- Green Valley Corridor Traffic Study: Timeline and initial scope discussion
- Community Region Boundaries: County staff to provide a 'how to' for accomplishing the changes requested by the Green Valley Alliance and Shingle Springs Community Alliance
- County Notification Requirements: Changes being proposed to better reach residents impacted by proposed development
- County staff will be responding to the Measure Y presentation of August 26th.

*This is not a workshop, but a special meeting of the Board in which action can be taken. Items are not time specific, so check the agenda when available the Thursday before, and come for the day, or plan accordingly.

The Green Valley Road corridor is being adversely affected by rampant high density rezoning projects from East to West. The Green Valley Alliance mission is to ensure that policies and procedures are followed which support responsible growth while protecting our resources. This can be accomplished through communication and collaboration with government, land developers, and the public.
